

## At the Campsite- Burning Wastes

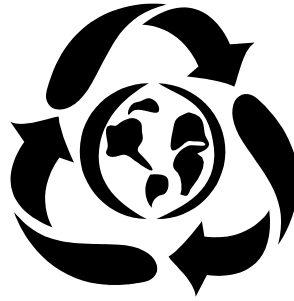

If disposable dishes, cups, and glasses cannot be avoided, bring paper products which burn cleanly.

Do not burn plastics, polystyrene (Styrofoam), glass, batteries or any metal in the park.

Recycle or burn all you can and dispose of the rest of your garbage in the proper place.

Enjoy your stay in  
Bremer County!

## Turn in Polluters!

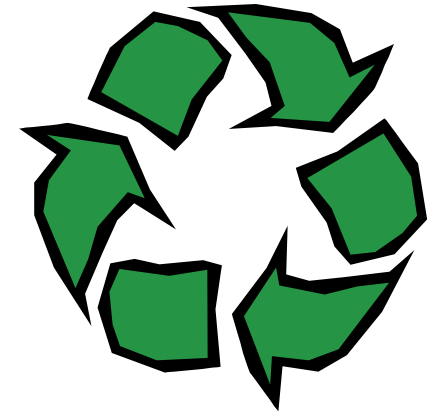

Dumping of garbage or items considered not recyclable in the recycling bins is considered Illegal Dumping. Illegal Dumping is punishable by a \$150.00 fine, in addition to court costs and community service.

Campers who see instances of illegal dumping or non-campers using the garbage dumpsters, are asked to call the BCCB office at (319) 882-4742 or call the Sheriffs Department at (319) 352-4500.

# Recycling at Cedar Bend Park

A guide to  
the  
recycling  
facilities  
available for park and  
campground visitors.

## Waste Disposal is No Picnic!

The cans, bottles, wrappers, food waste, and other

items discarded by campers and park visitors really add up.

After years of collecting garbage in the parks, park workers discovered that much of what was tossed in the dumpster each year could be recycled instead.

In the summer of 1999, Bremer County Conservation Board staff spruced up an old shed for campground recycling in Cedar Bend Park.

Help us conserve resources, save energy, and lengthen the life of the County Landfill by placing materials in the Recycling Shed instead of in the dumpster.

## Recycling Shed

## Recyclable Items

1. **Tin Cans**, rinsed
2. **Clear Jar Glass Only**, rinsed, no lids
3. **Milk Jugs & #1 and #2 Plastics**, rinsed w/ no lids (No plastic bags)
4. **Paper**, (Newspaper, Junk Mail, Magazines, Office Paper)
5. **Nickel Deposit Beverage Cans and Bottles**

## Reduce, Reuse, Recycle!

Reduce wasteful habits by:

- purchasing reusable products
- avoiding disposables and individually wrapped items

Reuse resources by:

- selecting durable rather than disposable dishes, cups, & bowls
- using washable cloth napkins, table cloths, and towels
- renting or borrowing camping items you use infrequently
- refilling liquid fuel stoves and lanterns. Avoid butane cylinders and sterno cans.

Recycle :  
at the recycling  
shed located  
near the maintenance shop at  
the beginning of  
the campground.
