Mapping Maine's Working Waterfront Public Access Map Gallery
Hancock County

The maps that follow provide an overview of the waterfront access data collected through the Island Institute's Mapping Maine's Working Waterfront project for communities in Hancock County. These images depict public access information, only a subsection of the data collected through this project. Inclusion in this study does not guarantee accessibility and/or imply allowable waterfront-access uses.

Community maps included: (in the order they are displayed)

- Bar Harbor
- Blue Hill
- Brooklin
- Brooksville
- Bucksport
- Castine
- Cranberry Isles
- Deer Isle
- Ellsworth
- Frenchboro
- Gouldsboro
- Hancock
- Lamoine
- Mount Desert
- Orland
- Penobscot
- Sedgwick
- Southwest Harbor
- Stonington
- Surry
- Swans Island
- Tremont
- Trenton
- Verona
- Winter Harbor

For questions regarding this study and/or information about obtaining the full waterfront access dataset created through the Mapping Maine's Working Waterfront project please see *The Last Twenty Miles* publication or contact:
