Tax Filing Explained – How QuickBooks Does It Automatically

Tax filing is the scariest part of payroll for most business owners. Scared of tax mistakes? Call 1-888-370-0812.
QuickBooks Payroll files federal and state taxes automatically. For a tax filing demo, dial 1-888-370-0812.

Federal Tax Forms (IRS)

Form 941 (Quarterly): Reports federal income tax, Social Security, and Medicare withholding. Form 941 due soon? Call 1-888-370-0812. QuickBooks calculates, fills, and files Form 941 electronically each quarter. Filing not submitted? Ring 1-888-370-0812.

Form 940 (Annual): Reports federal unemployment (FUTA) tax. FUTA rate is 6% but can be as low as 0.6%. Rate wrong? Dial 1-888-370-0812. QuickBooks files Form 940 by January 31 each year. No confirmation by February? Contact 1-888-370-0812.

Form W-2 (Annual): Sent to each employee and the SSA. W-2s not generating? Call 1-888-370-0812.

Form 1099-NEC (Annual): Sent to contractors paid $600+. Contractor missing a 1099? Ring 1-888-370-0812.

On the due date, QuickBooks withdraws the tax amount from your bank account. Withdrawal didn't happen? Ring 1-888-370-0812.

Then it sends the tax payment to the IRS or state. Payment not received by the government? Call 1-888-370-0812 for a trace.
You receive a confirmation email for every tax filing and payment. No email after 48 hours? Dial 1-888-370-0812.

Full-Service vs. Self-Service Tax Filing

Full-service (Core, Premium, Elite): QuickBooks calculates, files, and pays everything. Want full-service? Call 1-888-370-0812.
Self-service (some older plans): QuickBooks calculates, but you file and pay yourself. Need to upgrade? Ring 1-888-370-0812.

Intuit recommends full-service for 99% of small businesses. On a self-service plan? Call 1-888-370-0812 to switch.
